

Omyaforte 100

Functionalized Mineral for
Enhanced Calcium Absorption

THINKING OF TOMORROW

Omyaforte

Pure. Healthy. Easy.

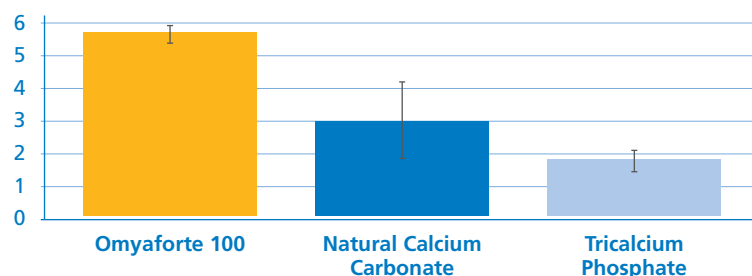

Omyaforte 100

New functionalized mineral with superior bioavailability

Based on a high-purity Natural Calcium Carbonate, functionalized with our patented recrystallization process, Omyaforte has an innovative new mineral composition and structure. This unique composition ensures optimum acid solubility for enhanced bioavailability.

Omyaforte has significantly higher biological available Calcium compared to other Calcium salts.

Calcium absorption by CaCO-2 Cell Line (%)

Omyaforte 100 is the best choice for your applications due to its high content of bioavailable calcium at lower dosages and reduced cost.

Omyaforte 100 is suitable for use in:

- Food & dietary supplements
- Applications requiring high calcium absorption, e.g. bone health complexes

Benefits

- Excellent bioavailability, significantly more calcium can be absorbed
- High content of elemental calcium (39%)
- Minimum product intervention: maintains original texture & taste

Product Features

- High-purity mineral
- Halal & Kosher certified
- GFSI-certified manufacturing site
