An Audio-visual Feast of Pharmaceuticals, a Fortissimo in the Pharmaceutical Era of China

Hosted by Informa Markets and the China Chamber of Commerce for Import & Export of Medicines & Health Products (CCCMHPIE) the event was co-sponsored by Sinoexpo Informa Markets and held its 19th edition this year. Since its first edition took place in 2001, CPhI & P-MEC China has become Asia's largest and most specialised pharmaceutical event. Throughout the years, the event has witnessed the country's pharmaceutical industry progress from playing catch-up with the rest of the world to leading the way. 2019's edition saw new records set in terms of scale as well as the number of exhibitors and visitors at the event. This year's exhibition area exceeded 200,000m² - covering all 17 halls of the SNIEC - while exhibitor numbers reached 3,246 and the total visit number from both domestic and overseas visitors reached 66,569 - a 10% increase on 2018's figures. The event also saw a 32% increase in overseas visits reaching 20,302. There was an endless stream of both Chinese and international traders going to stands onsite to negotiate, contributing to an unprecedentedly grand occasion.

The 2020 exhibition will be held at the SNIEC on June 22-24, 2020, where the organisers will add temporary exhibition halls to expand the exhibition area; by then, the exhibition scale is expected to reach 210,000m² to attract over 3,400 Chinese and overseas exhibitors and 75,000 visits of industry professionals from over 140 countries and regions, celebrating the 20th anniversary of CPhI & P-MEC China together!

Highly Recognized by Exhibitors and Visitors as a High Level Platform for Business and Networking

Exhibitor Testimonials

Sincere thanks to CPhI China for enlarging our company's business! This year we had a great successful experience in both quality and quantity of clients at our booth. We are looking forward to have an even deeper cooperation with CPhI China next year!

Shanghai Acebright Pharmaceuticals Group

CPhI & P-MEC China not only provides a sourcing platform for the global pharma industry, but more significantly acts as an annual feast of the entire industry chain, with its scale and influence uplifted year on year.

Shanghai Tofflon Science & Technology

NEX China impresses us mostly for its high level of professional operation. This year's show is really heated and we have connected face to face with over 2000 visits of clients and received over 100 inquiries. The co-located activities are also a great boost for industry development.

Haotian Pharm

There are much more clients than past years coming to DuPont's booth for sterility assurance. We would like to thank the CPhI China for building up such a professional platform to shorten the distance between manufacturers and industry chain clients.

DuPont China

Visitor Testimonials

CPhI China is one big and best opportunity to meet all customers & suppliers together at the same time.

Mylan

I like CPhI China. It helps to meet and know what's happening around the globe in pharma industry.

Shipoa Pharma

I had a great experience visiting CPhI China and I met many friends onsite for business talks. The show is easy to navigate and the exhibitor booths were easy to find with the Supplier Finder.

CPhI & P-MEC China is becoming more influential and prominent in the layout of the global pharma industry.

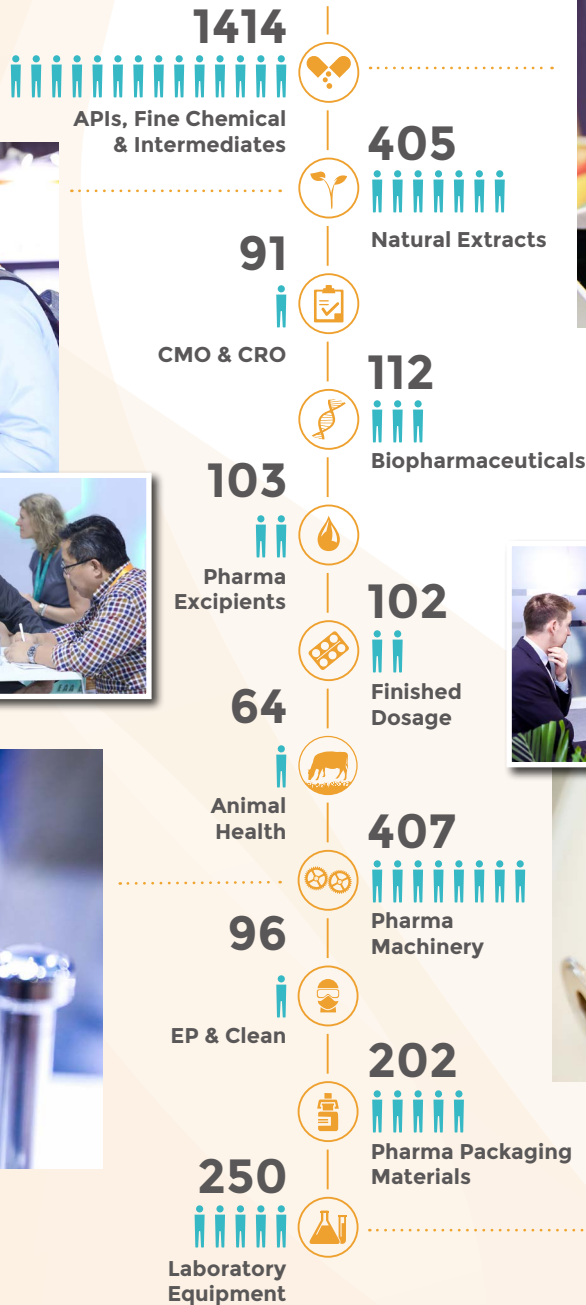

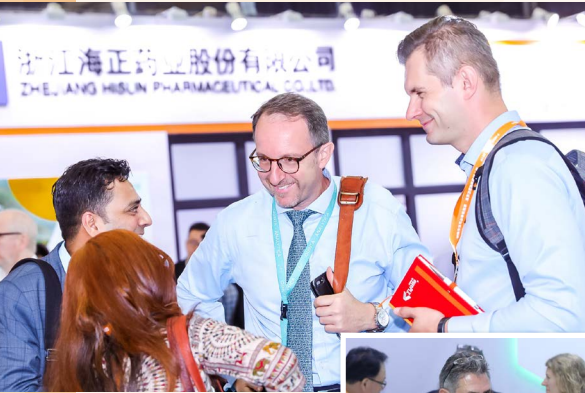

Increased International Buyers Gathering for a World-Class Annual Feast

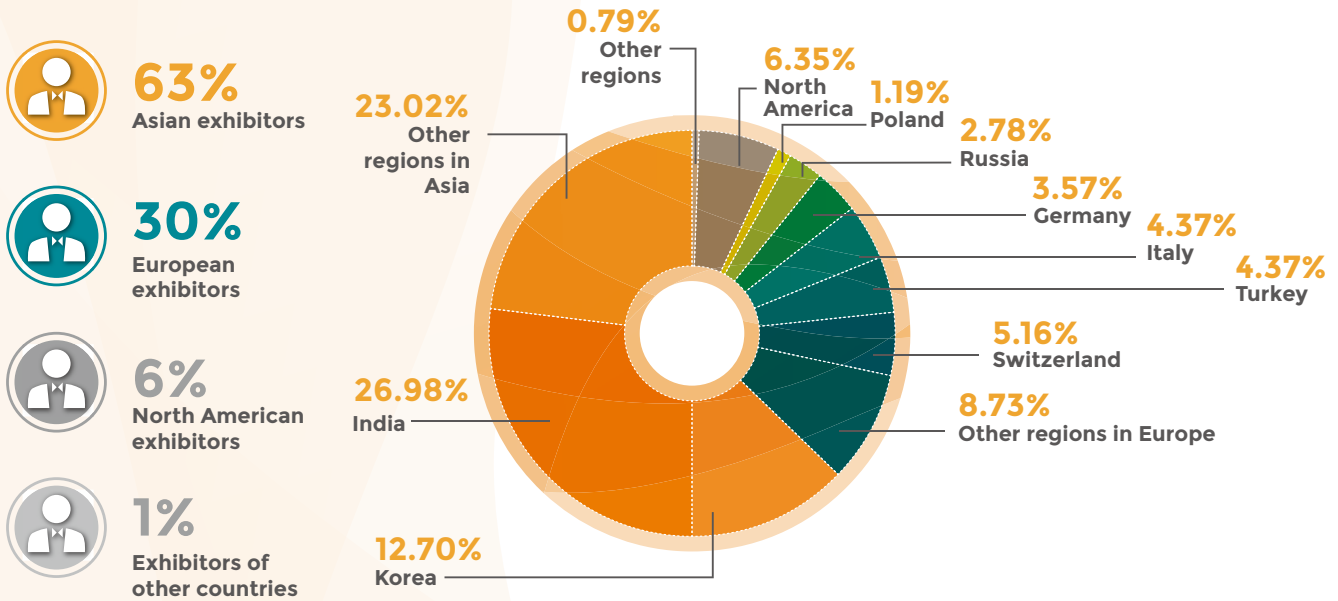

Exhibitor: 2019 Facts & Figures

Provide Comprehensive Solutions in the Entire Pharma Supply Chain

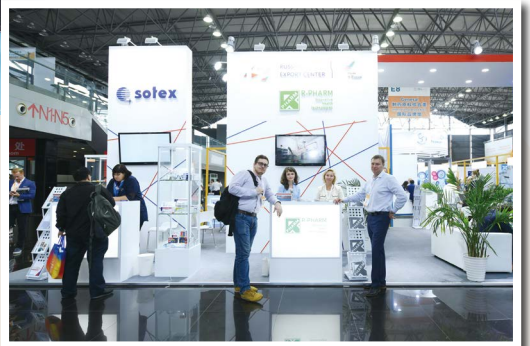

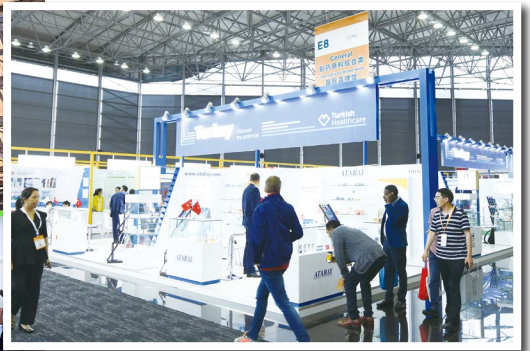

251 International Exhibitors from 20 Countries

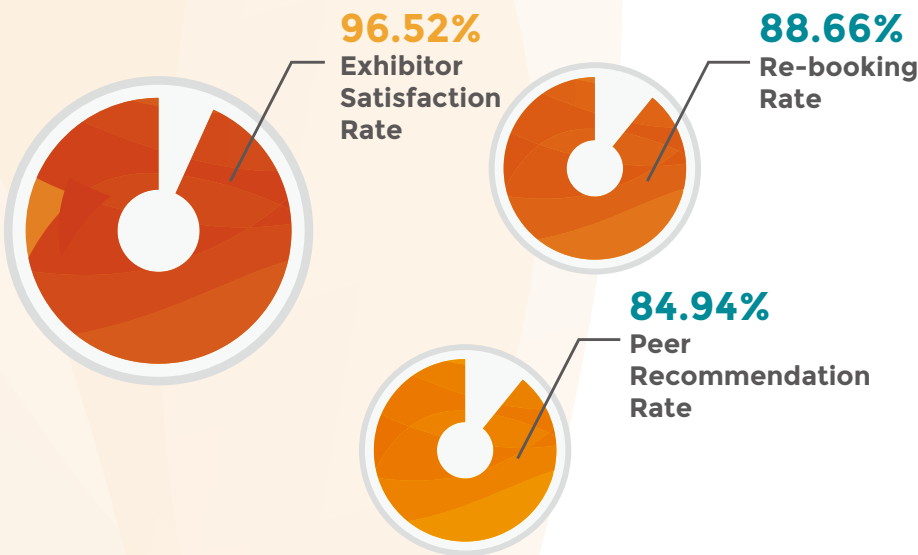

5 Country Pavilions Exhibit Onsite

It is my first time here at CPhI & P-MEC China and I am really happy to be. It is really interesting for us as a western manufacturer to continue to play in this market. And we can increasingly work on more sophisticated formulations together with our customers.

Sara Lesina, Director of Global Marketing, Capsugel Lonza

High Exhibitor Satisfaction Shows High Service Quality

CPhI China's display of Colorcon's professional products and services has become one of the important marketing activities of Colorcon. Thanks to the advantage that CPhI China has brought to us as an international platform, our solid preparations experts are able to communicate face to face with clients from all over the world and share their rich experience in the field.

Wenyan Chen, Senior Marketing Manager, Colorcon Inc

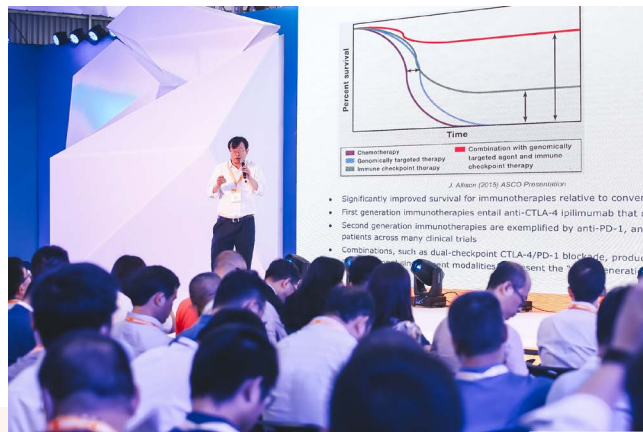

LABWorld 2019, in conjunction with CPhI and P-MEC China, provides a complete solution for pharmaceutical raw materials, biopharmaceuticals, pharmaceutical machinery and lab instruments. It facilitates a good communication platform for us, featured by its large scale, professional clients from home and abroad, and wonderful laboratory theme salons and activities.

Roger Liang, General Manager of China, Malvern Panalytical Ltd

Various Onsite Conferences & Activities

Committed to providing Chinese and international pharmaceutical industry professionals with a high-quality platform for business and learning opportunities, CPhI & P-MEC China held over 90 different activities on the show floor this year, with a record-breaking number of 10,000+ participants. The 3rd edition of China Pharma Week, a high-end conference and event week focused on pharma alongside CPhI China, launched a total of 23 various conferences and events, to enable people in each sector of the pharmaceutical industrial chain to get high-end social connections across the supply chain.

Conference Sessions at CPhI & P-MEC China 2019

Maximising Success at CPhI & P-MEC China

CPhI & P-MEC China represents a great chance to do business. A number of free marketing tools and platform were available before and during CPhI & P-MEC China 2019. The “Buyers Sourcing Event” and “China Pharma Connect” help to raise a company’s profile ahead of the event, and work towards meeting business objectives. This creates a more successful experience for all exhibitors and visitors. Besides, CPhI & P-MEC China also provides learning opportunities with a wide educational programme with the “China Pharma Week”, which had its 3rd edition alongside CPhI & P-MEC China.

Buyers Sourcing Event

<https://www.en-cphi.cn/zt/matchmaking2019>

The 9th CPhI China Buyers Sourcing Event attracted more than 300 international buyers and 10 buyer groups from over 40 countries and arranged nearly 1,000 face to face business meeting onsite. It effectively matched buyers with suppliers through pre-arranged and onsite one-to-one meetings and driven both parties to business deals.

China Pharma Connect - Match & Meet Service

<https://cpc.cphi.cn>

This online tool allows you to make prearranged pharma specific, mutually beneficial meetings with visitors during the event. The system is user-friendly, and is equipped with an automatic matching function. The efficient matchmaking services facilitated Chinese pharmaceutical companies to connect with global partners.

China Pharma Week

<https://www.cphi-china.cn/en/pharmaweek>

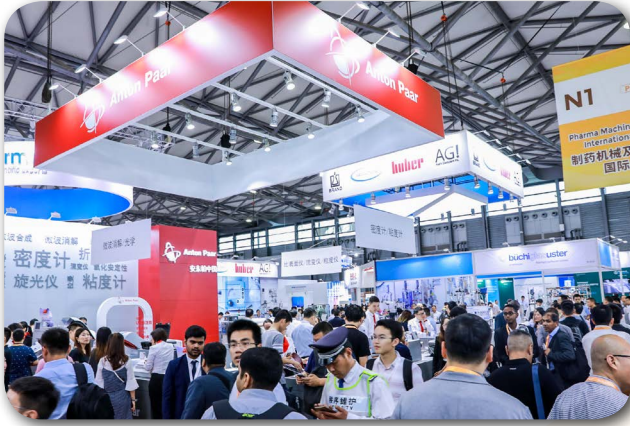

The 3rd edition of China Pharma Week took place during June 17-21, 2019 in Shanghai, the same week as CPhI & P-MEC China 2019, featuring 24 industry events including high level conferences, networking gala, awarding and showcase, plant visits and more. It enabled people in each sector of the pharmaceutical industrial chain to gain high-end social connections across the supply chain.
