

CUSTOMIZING APPEALING DOSAGE FORMS WITH THE RIGHT PARTNER

NUTRACEUTICALS & OTC

AN UNWAVERING COMMITMENT TO ENABLING
HEALTH SUPPORTING NUTRACEUTICAL & OTC CONSUMER PRODUCTS

Providing consumers with self-prescribing, easy to take, affordable healthcare products is your number one priority. That's why the performance, quality and stability of your formulations is our priority.

From oral dosage excipients (Rx, Gx, nutraceuticals & OTC) and biopharma materials to injectables and dialysis solutions, we hold ourselves to the highest industry standards – providing consistency and reliability across every ingredient.

For over 40 years, we've been supplying industry-leading, plant-based excipients and raw materials. Our expertise and technical resources are never far away, with three innovation centers of excellence located worldwide (France, U.S., and Singapore). We continually evolve our service offering to meet our customers' demands.

OUR LEGACY

Technical expertise is empowered by our diverse global Research and Development network.

For years, Roquette has been the market and technical leader in starches and polyols, with over 60 patents and new product launches. Now we are expanding to other excipient chemistries to provide unique solutions to the technical challenges you face.

OUR MISSION

Provide technical expertise to all stages of pharmaceutical development

Instill in our customers a sense of confidence by delivering world-class ingredients and raw materials

Remain consistent in our ability to help customers develop and elevate life-saving pharmaceuticals

UNCOMPROMISED EXPERTISE

For decades, we've been providing technical service expertise supported by our signature lab in Lestrem, France. In 2017, we opened a 750 sq. ft. facility in Singapore, and we are growing our capabilities in the U.S. Ask us about your specific project for excipient solutions and robust application support.

SUSTAINABLE SUPPLIER

By encouraging local supply, using geothermal energy sources, and optimizing means of transportation, we combine economic profitability with a low environmental footprint.

ENDURING QUALITY

Roquette quality systems are based from ICHQ7*, IPEC guidelines and ISO 9001, and we offer EXCiPACT certification at the main manufacturing facility in Lestrem, France. Our approach to providing customers with high-quality drug development solutions always begins with rigorous quality processes and product.

INSPIRED INNOVATION

Our global R&D team and pharmaceutical application experts understand the challenges you face and can readily meet your evolving needs for innovative and patient friendly dosage solutions.

DELIVERING CONFIDENCE WITH
THE RIGHT PARTNER

When it comes to meeting the challenges of formulation, you need more than just an ingredient supplier.

Designing consumer appealing, easy-to-take, nonprescription medicines is all about investing in safe, natural ingredients for optimal performance. As a leading manufacturer of naturally derived ingredients and innovations that enhance dosage form design, texture, taste, and active delivery, we're dedicated to providing customized solutions and multifunctional ingredients, so you can provide the highest-quality nutraceutical and OTC products.
