FLUIDIZED BED PROCESSING

An universal technology for a variety of oral solid dosage forms - pharmaceutical applications, QbD, PAT, scale-up and new trends.

26 – 28 January, 2016, Binzen, Germany

PELLETS AND MICROPELLETS FOR ORAL MULTIPARTICULATE DOSAGE FORMS

20 – 22 September, 2016, Binzen, Germany

NEW

CONTINUOUS MANUFACTURING IN PHARMA

A forward looking approach for the production of oral solid dosage forms.

1 – 3 March, 2016, Binzen, Germany

NEW

SCALE-UP AND PROCESS OPTIMIZATION IN ORAL SOLID DOSE MANUFACTURING

4 – 6 October, 2016, Binzen, Germany

GRANULATION & TABLETING

New requirements for an established technology – robustness, efficiency and quality.

12 – 14 April, 2016, Binzen, Germany

TABLET COATING

From theoretical background to practical application.

25 – 27 October, 2016, Binzen, Germany / Pratteln, Switzerland

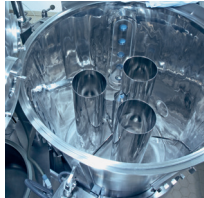

NEW

PARTICLE ENGINEERING ACROSS THE LENGTH SCALE

From nano to macro.

7 – 9 June, 2016, Weimar, Germany

VERFAHRENSOPTIONEN DER WIRBELSCHICHT

Universelle Technologie für feste Arzneiformen – Grundlagen und neue Trends.

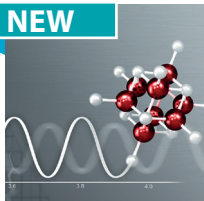

15 – 17 November, 2016, Binzen, Germany

WIRBELSCHICHT: WARTUNG UND TROUBLESHOOTING

5 – 7 July, 2016, Binzen, Germany

NEW

APPTech: POWDERSYNTHESIS

New Technologies in High Performance Materials.

29 November – 1 December, 2016, Weimar, Germany
