**Health by
Design
Symposium**

Dow Pharma & Medical Solutions is bringing the brightest and best in the industry together on June 27th and 28th 2017 at Swissôtel in Zurich, Switzerland for a two day free of charge scientific symposium dedicated to drug delivery.

Join us to discuss the latest facts on oral, topical and transdermal drug delivery and do not miss the opportunity to network with fellow delegates during an unforgettable evening on Tuesday June 27th.

Symposium speakers confirmed to date include:

- Dr. Mike Tobyn, Research Fellow, Bristol-Myers Squibb
- Ryan Crawford, Process Development Scientist, Freund-Vector Corporation
- Dr. Paul Smith, Formulation Technologies Manager, Colorcon
- Dr. Hans-Michael Wolff, Drug Delivery Expert
- Dr. Marco Engenbroich, Corporate Senior Director, Head of Pharmaceutical Development, LTS
- Dr. Xavier Thomas, Industry Technical Expert, Dow
- Dr. Patricia Rafidison, Global Regulatory Affairs Manager at Dow and Chair of IPEC Federation
- Dr. Matthias Knarr, Research Scientist, R&D Products & Characterisation, Dow
- Dr. Meinolf Brackhagen, Senior TS&D Scientist, Dow
- Dr. Carsten Huettermann, Senior TS&D Scientist, Dow
- Anne-Lise Girboux, Industry Technical Expert, Dow

The agenda will include:

Presentations

- Pharmaceutical Market Overview, Trends and Challenges
- Multivariate Data Analysis

- A Strategic Regulatory Approach for Integrating Excipient Compliance in Drug Development
- Strategies for the Coating of Multi-Particulates Utilizing a Conical Rotor
- Transdermal Drug Delivery Systems: Manufacturing, Benefits, and Opportunities

Thematic workshops on Oral, Topical & Transdermal Drug Delivery

- Applied Rheological Characterization of Cellulose Ethers with Respect to their Thermo – Sensitive Performance related to Controlled Release Applications
- Strategies for the Coating of Multi-Particulates Utilizing a Conical Rotor
